Art Requirements

This is our
fine print.
Please read!

Please refer to the guidelines below when preparing and submitting artwork for your order. Artwork is considered "ready" when it can be used for printing without the need for adjustments.

The Art Department will email a pdf proof for ALL orders, including reorders. Production cannot proceed without official approval. To avoid delays, please respond with approval, or a request for changes as soon as possible.

Templates and layout instructions are available for all products.

Single color foam and fabric products, coasters and glass:

Please provide vector artwork, one color (black only), with all text converted to outlines. Acceptable file formats are Adobe Illustrator (.ai) and .eps. Illustrator files. Files with low resolution raster images placed inside, or photos saved as .ai, .eps or .pdf **are not acceptable**.

If vector artwork is absolutely not available, raster images (.jpg, .tif, .png, or .gif) are accepted, providing the following conditions are met:

- 300 DPI at full print size
- 1-color only (i.e. no gradients)

Multicolor [PC] fabric products and coasters:

It is particularly important that artwork for multicolor products and coasters is prepared according to template specifications.

Whenever possible, please provide vector artwork, with all text converted to outlines. Acceptable file formats are Adobe Illustrator (.ai) and .eps. Art files submitted with low-resolution raster images placed inside, or photos saved as .ai, .eps or .pdf **are not acceptable**.

Raster/continuous tone images/photos are accepted, providing the art conforms to the specifications of the product template, and the resolution is at least 300 DPI at full print size. Multilayered, unflattened Photoshop (.psd) files are preferred, but .jpg, .tif, .png, and .gif files are also acceptable.

Adjustments made to art that has not been prepared according to the proper requirements may incur added fees or result in delays.

For questions concerning art, or to request a product template, please call 910-579-4446, or email the Art Department at art.kooltrends@gmail.com

FAQ

Can we do rush orders?

Yes! We understand the importance of a rush order. Items that are available for rush orders include foam, plastics, fabric and glass products (if in inventory). Multicolor printing, 4 color process and color transfers are not available for rush service. Production schedules and product availability will determine the availability of rush service.
